

How to Host a Great HomeWord Benefit Watch Party

Hosting a Watch Party is like inviting friends over to watch a game or awards show. Simply invite people over, share some snacks or a meal, and turn on your TV.

Tools of a great host:

- Help your guests feel comfortable by *clearly communicating* what they can expect
 - start and end time
 - what food/drinks you will provide
 - what food/drinks you would like them to bring
 - indoor/outdoor location for appropriate attire
 - masks/no masks
- 1 day before the event
 - test the HomeWord Program Video
 - determine/arrange seating to be sure all guests have a clear view of TV
 - review Host Script and Timeline
 - confirm any catering details and arrival times
 - send out an email or text reminder to guests
- Day of Event
 - Prepare your home and food
 - Provide easy access to hand sanitizer
 - (Optional) Print and/or lay out any HomeWord materials for easy access (i.e. response cards, program, who-is-homeword)
 - Relax and enjoy the evening!
